

BNI Clerkenwell 60-sec Daniel

Good morning, my name is Daniel Lloyd-Morgan of DLM Garden Design and as the name suggests I design gardens.

A well designed garden does more than just provide a beautiful setting for your house.

Gardens help you relax and unwind; you leave the busy streets behind and can kick off your shoes and take it easy. They bring out your personality and style and can have secret spaces to escape in.

This is what I do at DLM Garden Design; create your perfect outdoor habitat. Give you areas to play, entertain your friends and provide a safe environment for your family.

This week does anyone know someone who is moving into a new home or wants to sell and needs a garden revamp.

Thank you for listening
